SPECIALTY LUBRICANTS

ISO 9001 Registered

METAL FORMING LUBRICANTS

High Performance Lubricants to increase tool life, increase production runs & reduce downtime. A complete line of lubricants for Drawing, Stamping, Punching, Forming, Blanking and Perforating.

Vanishing: **SAF-T-VANISH®** — VOC Free —

Synthetics: **KLENEDRAW®, TOWERKEM, LAMSTAMP, HYBRIDRAW**

Soluble Oils: **TOWERPRO, TOWERSOL**

Straight Oils: **TOWERDRAW**

METAL REMOVAL COOLANTS

Formulated to provide long sump life, a safe environment for operators, and to be machine friendly. Products from general machining to working with exotic materials. We have the product to fit your application: Milling, Drilling, Broaching, Tapping, Cutting, Grinding.

Biostable: **SAF-T-COOL**

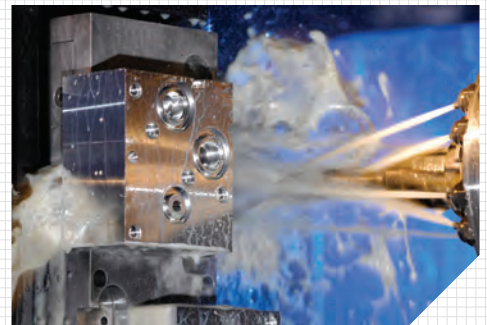

Semi-Synthetic: **TOWERCOOL**

“Green” Fluids: **TOWER X Series**

Soluble Oils: **TOWERSOL**

Synthetics: **TOWERKEM**

Compounded Oils: **TOWERCUT**

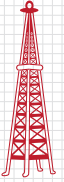

ROLL FORMING & TUBE MILLS

Recirculating fluids to provide excellent lubricity, cooling, flushing and long sump life. Our robust, specialized mill coolants and cut-off lubricants will enhance the productivity, quality, and cost effectiveness of your lines.

ROLLFORM and **TUBEFORM** lubricants are formulated for these special processes.

Engineered Solutions

TUBE & PIPE FABRICATION

A wide variety of chemistries to meet all of your demanding operations. Whether small diameter or stainless steel to 6" diameter and up, Tower has optimal products to improve the performance of your fabrication process.

Pastes: **TC Series**
Gels: **BEND-ALL**
Synthetics: **KLENEDRAW®**

RUST PREVENTIVES

From in-process protection to extreme protection, Tower's RUSTBEAT® series offers a complete line of corrosion protection. Varying types of chemistries and rust preventives are available to match your application method, cleaning system and storage conditions.

RUSTBEAT® is available as dry film, oil film or wax film.

— **VOC Free** — options

Long-term, water displacing corrosion protection.

SPECIALTY LUBRICANTS + OTHER PRODUCTS

Fluids to provide excellent lubricity, cooling, flushing, wear protection, and long equipment life. Our robust, specialized products will enhance the productivity, quality and cost effectiveness of your production environment.

TOWERKLENE Cleaners	Laser Slat Anti-Spatter
Machine Lubricants	Application Equipment
High Temperature Chain Lubes	Proportioner Mixers
Specialty Additives	Filtration Units
Weld Anti-Spatter	

Put the “Power of Tower” to work for you.

Founded in 1933, Tower Oil & Technology Co. develops **and manufactures premium metalworking fluids. Located** in Chicago, Illinois, we currently service companies worldwide, from small family-owned businesses to Fortune **500 companies. Leading manufacturers in all industries,** including automotive, appliance, defense, transportation, heavy equipment, building materials, medical, and home products, trust and rely on Tower Oil for superior products, outstanding customer service, and world class manufacturing **facilities. We offer advanced technology metalworking fluids and excel at improving the productivity and profitability of** companies that machine and form metal. With our superior hands-on technical expertise, Tower Oil can offer you the **greatest overall value in metalworking fluids.**

“Knowledge is Power” and that is exactly what Customers gain with Tower Oil. Utilizing our advanced Research and Development capabilities, manufacturing knowledge and technical support, we offer proven savings in numerous areas of the manufacturing process. Our slogan “Engineered **Solutions – Bottom Line Results” says it all.**

You can depend on our ISO 9001 Registered company to provide products of superior quality and consistency across North America, and around the world.

Tower Oil & Technology Co.

Tower Oil & Technology Co. is wholly committed to bringing innovative, environmentally responsible and economically viable technologies to the Metalworking Fluids marketplace.
